DISCUSS YOUR PROPERTY WITH SCE

Hello

As you may recall from our recent postcard and landowner meetings, SCE is engaging with landowners to discuss the future of the Borel Canal Hydropower Project.

Here is another opportunity to talk with the Project Managers about SCE's easement on your property.

If interested in a meeting this summer, let us know by RSVPing by July 30, 2021. We are planning meetings from 1-6 p.m. Wednesdays and Fridays.

RSVP by July 30, 2021

 info@borelhydro.com

 **800-364-5807**

Email or call and tell us:

- First and last name
- Phone number
- Email address
- If you can't make the days and times provided

WHAT'S NEXT After you RSVP, the project team will contact you by phone or email to schedule the exact date and time for your meeting.

Informational Field Cards

PAGE INTENTIONALLY LEFT BLANK

Hello,

I am part of Southern California Edison's (SCE) Borel Hydroelectric Project team. SCE is in the process of filing an Application for Surrender of their Borel Hydroelectric license with the Federal Energy Regulatory Commission.

My work today on the Borel Canal is part of this project.

www.borelhydro.com

info@borelhydro.com

800-364-5807 and a team member will get back to you within 5 to 7 days.

Frequently asked questions and answers

FREQUENTLY ASKED QUESTIONS

Q. Why is SCE surrendering their license?

A. In 2006, the Army Corps of Engineers (Corps) began a dam safety modification study and determined the dam didn't meet earthquake safety standards. As a result, the Corps began a dam safety modification project. In 2017, they began seismic safety modifications to the Auxiliary Dam which resulted in the condemnation of SCE's canal conduit through the dam. The conduit was abandoned in place by filling it with concrete and rendering the Project nonfunctional. Because of that, SCE is preparing to file a license Surrender Application with the Federal Energy Regulatory Commission (FERC).

Q. How long does the Surrender Application process take?

A. SCE will submit the Draft Surrender Application to FERC in January 2023. It can take 2 to 5 years for FERC to review and give SCE approval to begin the decommissioning process.

Q. What does SCE do while they are waiting for the FERC approval of the Surrender Application?

A. SCE will continue to maintain the Borel Canal and associated facilities as they are now until such time as decommissioning activities, such as permitting, start.

Q. When will construction begin?

A. Based on the current schedule, SCE anticipates that construction along the canal could begin in 2027, or later.

Q. Can the public participate in this process?

A. Yes! The Draft Surrender Application will be available for public review during a 45-day review period starting on December 14, 2022, through February 2, 2023. Access the document: www.borelhydro.com.

Thank you! ~ The SCE Borel Hydroelectric Project Team

Southern California Edison (SCE) is hosting a Virtual Town Hall on May 13 from 5:30 to 7 p.m. to discuss the Borel Hydroelectric Project. The community is invited to learn about SCE’s plans to Apply for the Surrender of their Borel Hydroelectric Project License and plans for decommissioning the Project. There will be a short presentation then an open question and answer period.

It’s easy to join the Virtual Town Hall either online or by calling in on your phone. Visit the project website at borelhydro.com for details.

You can also get information or ask questions by emailing info@borelhydro.com or calling the project hotline at 800.364.5807.

SCE looks forward to hosting in-person meetings soon, but for now, this Virtual Town Hall is a great way to stay informed.

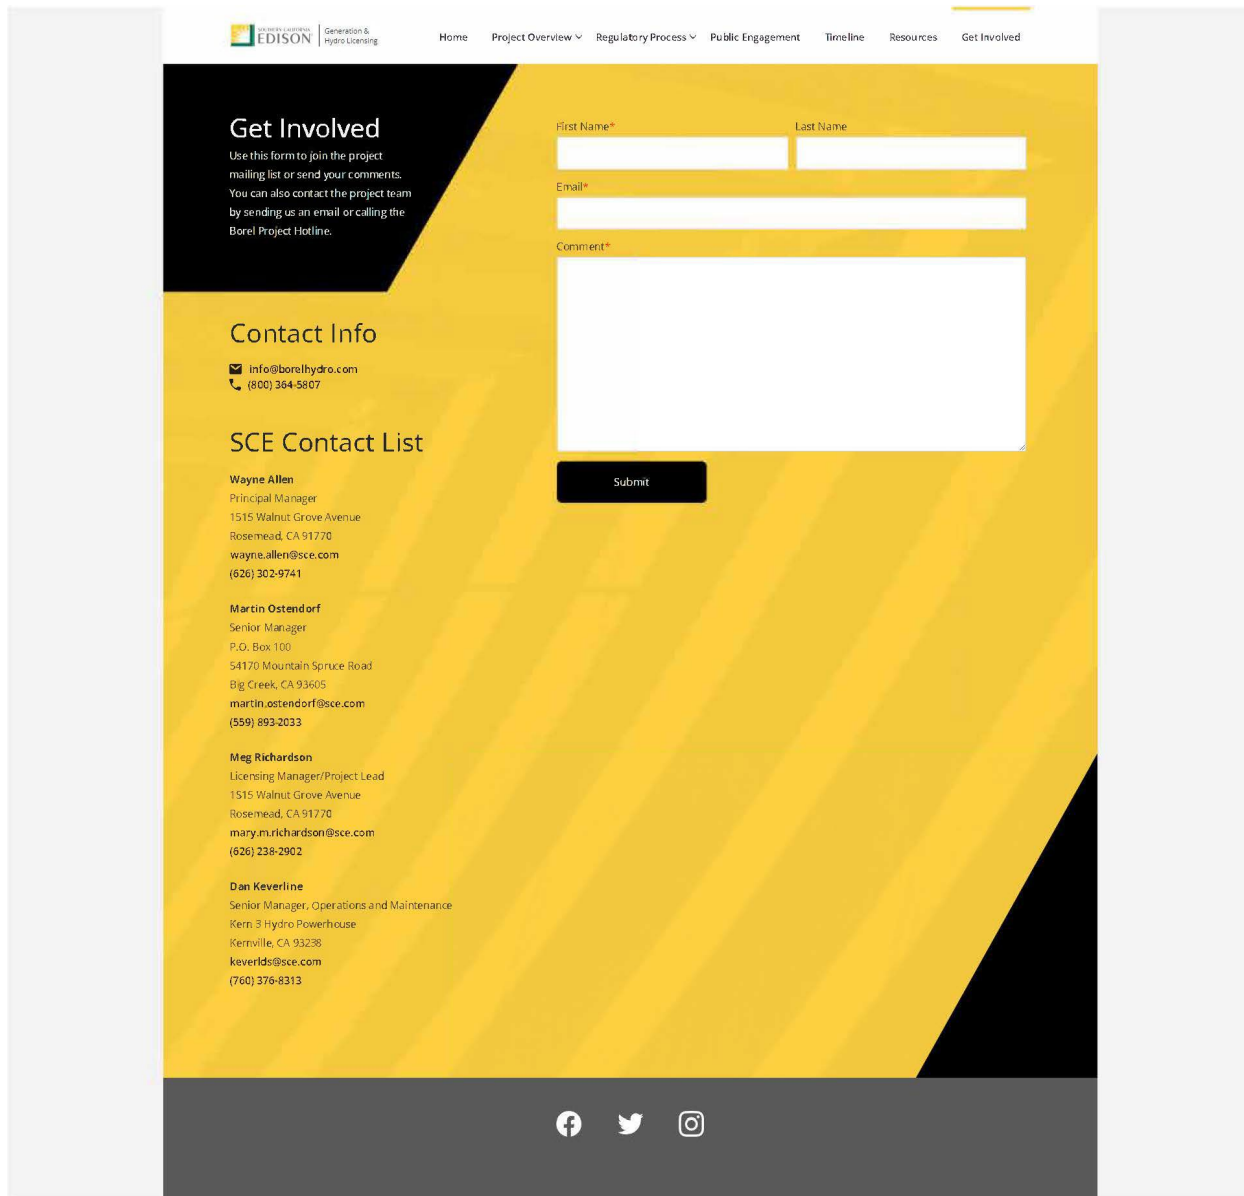

See you on May 13 at 5:30 p.m. Go to borelhydro.com for details.

The screenshot displays the website for the Borel Hydroelectric Project. At the top, there is a navigation menu with links for Home, Project Overview, Regulatory Process, Public Engagement, Timeline, Resources, and Get Involved. The main header features a large image of a dam with the text "Borel Hydroelectric Project (FERC No. 382)". Below this, a yellow banner highlights the "Draft Application for Surrender of License" available for review and comment from Dec 14, 2022, to Feb 1, 2023, at 5 p.m. PST. The main content area includes a description of the project, a "PROJECT AREA" map, and a "Quick Links" section with buttons for Project Overview, Project Vicinity Map, License Surrender Process Timeline, and Regulatory Documents. A "Get Involved" section features a "Sign Me Up" button and a "Draft Application for Surrender of License Available for Review & Comment" section with a "View here" link. The "SCE Contact List" section provides contact details for Wayne Allen, Martin Ostendorf, Meg Richardson, and Dan Keverline. The footer contains social media icons for Facebook, Twitter, and Instagram.

Subject: Southern California Edison (SCE) Borel Hydroelectric Project. FERC Project No. 382 - Public Review and Comment of Draft Application of Surrender of License

Dear Interested Party:

Greetings. You expressed interest in the Southern California Edison (SCE) Borel Hydroelectric Project. The purpose of this letter is to notify you that SCE initiated the public review and comment period of the Draft Application for Surrender of License (Draft Application) for the Borel Hydroelectric Project - FERC Project No. 382. The Draft Application consists of the following four volumes:

- Volume I - DRAFT Initial Statement
- Volume II - DRAFT Decommissioning Plan
- Volume III - DRAFT Applicant-Prepared Environmental Assessment
- Volume IV - DRAFT Record of Consultation

The public review and comment period begins today, **December 14, 2022, and concludes on February 1, 2023, at 5 PM PST.**

Where/How To Review and Comment:

ELECTRONIC COPIES

- The Draft Application is available at Borelhydro.com. The site has the option to view the Draft Application directly on the website and use the provided electronic comment form OR to download the Draft Application, review, and email comments to: info@borelhydro.com.
- The Kern River Valley Branch Library, located at 7054 Lake Isabella Blvd., has available computers and instructions about how to access the Draft Application and provide comments.

HARD COPIES

- The Draft Application is available for review and comment by appointment during business hours at SCE's Kern 3 Admin Building at 15171 Sierra Way, Kernville, CA 93238.

COMMENTS

Must be received by **February 1, 2023, at 5 PM PST**, via

- Borelhydro.com comment form
- Email: info@borelhydro.com
- **USPS Mail:** Borel Hydroelectric Project c/o HDR 2379 Gateway Oaks Dr, Ste 200, Sacramento, CA 95833

SCE continues to collaborate with federal and state resource agencies, affected Native American Tribes, and interested members of the public and we appreciate your continued support and communication.

SOUTHERN CALIFORNIA EDISON BOREL HYDROELECTRIC PROJECT NO. 382

AVAILABILITY OF APPLICATION FOR SURRENDER OF LICENSE PUBLIC REVIEW & COMMENT PERIOD: DEC. 14, 2022, TO FEB. 1, 2023

Southern California Edison (SCE) announces the review and comment period for the draft of the Borel Hydroelectric Project-Federal Energy Regulatory Commission (FERC Project Number 382) Application for Surrender of License (LSA). **Dec. 14, 2022, to Feb. 1, 2023 @ 5 p.m. PST.**

SCE owns the FERC-licensed Borel Hydroelectric Project No. 382 (Project), a waterpower project located in Kern County, California, on the Kern River. It is composed of one development that includes a diversion dam, a water conduit, and a powerhouse. Project facilities are situated on private lands under Kern County's jurisdiction and on federal lands.

The LSA includes the following:

- Volume I - Initial Statement
- Volume II - Decommissioning Plan describing Project facilities and SCE's proposed approach to Project decommissioning
- Volume III - Applicant Prepared Draft Environmental Assessment evaluating the potential effects of Project decommissioning and describing measures to protect resources during Project decommissioning
- Volume IV - Record of Consultation summarizing SCE's efforts to gather stakeholder input throughout the process of preparing the LSA

ELECTRONIC COPIES

The LSA is available at **borelhydro.com**. The site has the option to view the draft LSA documents directly on the website and use the provided electronic comment form OR to download the document, review, and email comments to: **info@borelhydro.com**.

The Kern River Valley Branch Library at 7054 Lake Isabella Blvd. also has available computers and instructions about how to access the document and provide comments.

HARD COPIES

Available for review and comment by appointment only during business hours at SCE's Kern 3 Admin Building at 15171 Sierra Way, Kernville, CA 93238.
