

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Southern California Edison Company

Project No. 382-108

NOTICE OF COMMENT PERIOD EXTENSION

(August 7, 2024)

On July 29, 2024, the Commission issued a notice setting August 28, 2024, as the deadline to file comments for the Environmental Assessment of Southern California Edison's application for surrender of license for the Borel Hydroelectric Project No. 382. The U.S. Forest Service filed, on August 2, 2024, a request to extend the comment deadline by 60 days, to give them more time to comment on the Environmental Assessment because of active wildfires in the project area.

In order to provide additional time, we are extending the deadline to file comments by 60 days. The new deadline to file comments and protests is now October 28, 2024.

Debbie-Anne A. Reese,
Acting Secretary.
